

# Home Broadband (40GB) Critical Information Summary

## Information About the Service

### Service Description

ello aims to provide all of our customers with an ADSL2+ connection however if ADSL2+ is not available at your location, ello will offer ADSL 1.

### Requirements and Availability

ADSL requires a basic telephone service to function. You can use a suitable telephone service from another provider and pay the pricing they offer or you can use ello phone service starting from \$29.95(inc.GST).

You will require an ADSL2+ capable modem to connect your service. ello can provide you a suitable modem pre-configured for your service. Alternatively you can provide your own modem however you will be responsible for configuring it. The ello modem fee can be paid upfront or in monthly instalment. For details, please see the Home Modem Critical Information Summary.

You can check if the service is available in your area by calling 1300 – ello ello (1300-355-635).
